

For kids, grades 4-12, who have experienced the death of a parent, sibling, or primary caregiver.

Since 2009, Experience Camps has transformed the lives of thousands of children by reframing the experience of their grief and empowering them with the confidence, skills, and support to move forward with their lives. We provide a safe environment where kids can explore their grief, break the isolation they may feel with their non-camp peers, and have a whole lot of fun.
